Dear Jerry,

Enclosed is my letterxb TIME.

The current and I believe first edition of a new radical right magazine TRIUMPH has an article on the critics of the Commission and the Report by Larry Brown. I encountered it on the air today (WTOP, Washington), when it was read to me. Afterward they Xeroxed a copy that was incomplete.

It is important to me to know as much and as soon as I can about his forthcoming book, which I would anticipate would be by one of the more conservate or radical-right publishers. Please let me know, if you can, promptly. I'll explain all when I see you.

He has most of my notes and some of my other data.

Sincerely,
